SUMMARY COMMENT

Are there particular efforts and/or issues that you would like to highlight for this reporting period related to your community's work to achieve the Reaching Home minimum requirements? In particular, please describe your community's efforts to set-up or improve the Coordinated Access governance structure, including processes to ensure that policies and protocols, as approved by the governance group(s), are being implemented across the system as intended to achieve desired results.

End Homelessness St. John's (EHSJ) is the lead organization implementing Coordinated Access. Our local system is called Coordinated Access to Homes (CAH) to emphasize the importance of connecting people to housing. EHSJ has worked with the Coordinated Access to Homes Working Group, which serves as its governance structure to develop and approve all elements required of a functioning Coordinated Access system. The (CAH) Working Group was established to advise and support EHSJ in the planning and implementation of CAH. The first meeting of this group was held in December 2020 to prepare for relaunch of the Coordinated Access process, which was put on hold during the pandemic. Since December 2020, the CAH Working Group has been meeting monthly. Agenda items typically include the discussion, review and/or approval of general CAH policies and procedures, CAH documents (Consent Form, Intake Form, etc.), and adaptation of national best practices/tools within the local context (definitions, assessment tools, etc.). EHSJ intends to achieve advance quality CA system by March 2022.
